

April 5, 1994

LB 1207

SENATOR LINDSAY: We discussed it at General File. It advanced to Select File. I'm not sure where it is now.

SENATOR BEUTLER: No, I mean you and I. I'm trying to jog my memory as to what this is.

SENATOR LINDSAY: No, as far as, not onto this bill, no, I just put it up now. I apologize for that, Chris.

SENATOR BEUTLER: Okay. Could you tell me again slowly what it does.

SENATOR LINDSAY: It was brought to me by some people in my district who lease cars in a five state area that bought them all in Nebraska, would take them back to their home states to register them. They would pay the sales tax wherever they were using them in those particular states. Those states would then charge the sales tax because that's where the vehicle was registered. Nebraska would also, was interpreted to also charge sales tax here because the, actually took delivery of the car here in Nebraska. So what it does, it forces, because of that interpretation it would force the registration, or excuse me, force the purchase of the cars in those other states rather than in Nebraska.

SENATOR BEUTLER: And this bill is the New Car Dealers Association? Is it their bill basically?

SENATOR LINDSAY: Well it was actually brought by the other guy that testified for it, Tom Mohr of Presto X Company which is in Omaha, but they seemed more and more, they're getting more and more complaints from the new car dealers around the state that have been popping up more and more since they first brought it to my attention.

SENATOR BEUTLER: And the Department of Revenue with respect to the bill as you are inserting it into 1207, are they satisfied with the amendment?

SENATOR LINDSAY: As far as I know, yeah. I mean I'm not aware of any opposition from there.

SENATOR BEUTLER: Is there any fiscal impact?

SENATOR LINDSAY: Would be whatever the fiscal impact is on
